

Translation Localization Terminology Content management

Since 1993 ANTHEA Languages has been offering translation, multilingual content management and publishing services to large and small sized companies in all business sectors: from manufacturing to the information industry, energy, environment, distribution, media or finance.

Whatever your market, we provide professional services that meet your quality requirements.

:: Energy and Environment

Energy and Logistics

Often there are local and national rules imposed for the company when translating procedures, product documents and external communication.

ANTHEA is your key partner for the adaptation of documents whether they be installation manuals, quality procedures, contracts, operating reports, Intranet and Internet content.

Environment and Waste Management

Today many global companies are deeply committed to sustainability - the principle of meeting today's needs without compromising the earth's ability to provide for our children and future generations.

We help you publish your environment policies, waste management reports and communications with government authorities in more than forty languages, covering Western and Eastern Europe, Asia and America.

Our customers within this sector include:

- Fed. Agency for Nuclear Control (Bel)
- Air Liquide
- Arlux Lighting
- Electrabel
- Elionetwork
- Liege Airport
- PHILIPS Lighting
- Port Autonome de Liège
- R-Tech
- Schneider Electric

ANTHEA Languages provides a full range of services in the area of international business, including **multilingual content management** and **translation** in more than forty languages, software and website **localization**, **language training and consulting**, management seminars, as well as international communication strategy building.

At ANTHEA our mission is to help each of our customers overcome cultural, linguistic and economic barriers to become a significant player in the ever expanding world of international business.
